

SAFETY MONDAY

April 2, 2012

WasteExpo 2012 – Safety Sessions

WasteExpo offers an unparalleled opportunity to learn how to reduce accidents and injuries from national experts, see the latest technological advances in safety-related equipment, and celebrate the drivers in the industry who will be receiving their *Driver of the Year* awards. It's also not too late to sign up to attend the great safety sessions at WasteExpo. These sessions will provide you with great tools and tips for reducing accidents and injuries involving your solid waste employees and vehicles.

Monday, April 30:

- Maintaining a Healthy Workforce
- How to Deal with Bad Stuff in the Trash

Tuesday, May 1:

- ANSI Standards for Mobile Equipment: Revised Recommendations
- Incentives and Injury Hiding: Separating Fact from Fiction
- Impact of On-board Event Recording Technology on the Industry

Wednesday, May 2:

- Small Waste Business Safety Roundtable
- NSWMA's Revised Safety Manual to Reduce Accidents and Injuries

Come to Las Vegas April 30 – May 3 to attend WasteExpo and learn how to reduce your accident and injury rates. Go to www.wasteexpo.com to register and for more information. Don't forget to visit the NSWMA/WASTEC booth while you are at the show!
