# SAFETY MONDAY

May 28, 2012

## CVSA Roadcheck 2012

The Commercial Vehicle Safety Alliance’s (CVSA) Roadcheck 2012 is scheduled for June 5-7, 2012. CVSA sponsors Roadcheck with participation by the Federal Motor Carrier Safety Administration (FMCSA), Canadian and Mexican enforcement agencies.

Roadcheck is the largest targeted enforcement program on commercial vehicles in the world, with approximately 14 trucks or buses inspected, on average, every minute. In 2011, enforcement personnel conducted more than 70,000 inspections at 1,500 locations throughout North America, with a focus on North American Standard Level I inspections.

The primary causes for placing vehicles and drivers out of service are brakes, tires, lights and hours-of-service compliance. Last year, the vehicle compliance rate was 80.7% and the driver compliance rate was 95.8%.

With FMCSA enforcement under the CSA program on the rise, it is more important than ever to make sure your vehicles will pass a Roadcheck inspection.
